EDUCATION

Bachelor of Engineering, Army Institute of Technology, Pune 2023-2027
Major: E&TC, CGPA: 8.60/10

12th Grade, Army Public School, Jaipur 2021-2022
CBSE, Percentage: 94.2% / Head Girl.

10th Grade, Army Public School, Jaipur 2019-2020
CBSE, Percentage: 95.2% / House Captain

SKILLS

Core CS	Data Structures and Algorithms, OOPS, DBMS, Computer Networks
Programming Languages	C++(proficient), Python, Java, JavaScript
Backend & APIs	Node.js, Express.js, Spring Boot, REST APIs
Frontend	React, Next.js, HTML, CSS
Databases	MySQL, PostgreSQL, MongoDB, Git, Github

PROJECTS

HirePrep – AI Mock Interview Platform (Github) June 2026 - Present
Tech: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, OpenRouter API, Web Speech API
- Engineered an AI interview platform utilizing Node.js to process PDF resume buffers into text, prompting OpenRouter API for dynamic question generation.
- Implemented the Web Speech API for real-time bidirectional voice interaction within a responsive React and Tailwind CSS frontend.
- Developed a smart evaluation engine with Recharts data visualizations, backed by secure Firebase authentication and a Razorpay credit system.

FulfillX – Delivery Routing Engine (Github) August 2026 - Present
Tech: C++17, SQLite3, Data Structures (Graphs, BST, Min-Heap)
- Engineered a C++17 routing engine using Dijkstra's algorithm and Min-Heaps to compute optimal delivery paths.
- Architected a custom Binary Search Tree to index packages by deadline, achieving O(log N) queries for dispatching.
- Integrated SQLite3 via C API to persist graph topologies and route logs, ensuring fault-tolerant state recovery.

InfraSight – Infrastructure Analytics Dashboard (Github) June 2026 - Present
Tech: Python, PostgreSQL (SQL), Node.js, React
- Analyzed complex telemetry data via Python and advanced SQL to optimize resource allocation.
- Developed a real-time BI dashboard tracking SLA compliance to support strategic decision-making.
- Engineered an automated ETL pipeline translating high-volume server logs into clean business metrics.

ACHIEVEMENTS

- **Competitive Programming** Solved 450+ Coding Problems on Various Platforms, showcasing strong problem-solving skills; achieved a LeetCode rating of 1466, and attained a Gold Badge with 6 Stars and 2309 points on HackerRank.
- **Flipkart GRiD:** Achieved Semifinalist status in Flipkart GRID 7.0.
- **Mentorship Program** Selected for Speed Mentorship Program at BNY Mellon, Pune.
- **Hackathons & Competitions:**
  - **Awarded:** Secured Second runner-up of SHE Code in Solutions 25, organized by Technical Board.
  - **Finalist in UXplorer:** 48-hour UX hackathon on user-centered Agentic AI solutions
  - **Finalist in the All India Robotics Competition in IIT Guwahati.**
  - **Finalist in Hackatron:** A 36-hour national-level hackathon by IIITM Gwalior.

POSITIONS OF RESPONSIBILITY

Secretary, Robotics & AI Club (CEAR), AIT July 2025 - June 2026
- Organized WARTECH 3.0, with 200+ participants; led 25+ students to plan and execute logistics.
- Enhanced club engagement by 30% through Agile workshops, PR strategies, and peer mentoring.
- Developed a pick-and-place robot using servo motors, sensors, and custom grippers, showcasing problem-solving and technical leadership.
